Tassie Salmon Fish Oil products are manufactured by Aussie Pets and Stock Feed Solutions Pty Ltd, a proud South Australian owned and operated Manufacturing Company who specialise in the manufacture of 100% Natural Multifunctional Animal Feed Supplements and Pure Tasmanian Salmon Fish Oil Products.

Our mission is to produce the best Tasmanian Salmon Oil products for the fishing community so that we can maintain sustainable health and wellbeing to our marine environment, through the products we deliver. As the old saying goes, "you are what you eat", we believe that to be never more true in the rapidly changing environment that we all live in. Knowing what you put into the environment has never been more critical and for that reason all of our products are PVA Friendly and carry the mark of quality and authenticity through the Australian Made and Owned accreditation.

We only use the purest ingredients to create some of the highest quality products in the market to date. Every product we manufacture has been approved to proudly display the Australian Made and Owned Logo.

Tassie Salmon Fish Oil Mix is the perfect attractant and preservative for fresh bait and slowly releases to attract fish and crustaceans. It can be used for all fishing methods: boat fishing, jetty, rock or beach fishing... its your secret ingredient for the best catch! This A Grade oil is rich in omega 3, 6 & 9 essential fatty acids and gives off a distinctive smell and taste, making it irresistible. Mix with pellets, bread or burley bait. For hook baits, simply dunk your lure or bait into the oil for an added boost of attractant. This multi-use oil can also be used to preserve hooks, fishing reels and boat trailers to prevent rust!

USAGE: Soak your bait in our Fish Oil Mix in a cool dry place and let it do it's magic! Add 25-30ml (2 caps) per 1kg of bait. Can be added to burley, soaking baits, stick and float mixes, pellets or bread (adjust amount to suit fishing style).

STORAGE: Store in a cool, dry place. Do not refrigerate.

INGREDIENTS: 99.9% Tasmanian grown Atlantic Salmon, 0.05% Naturox Antioxidant.

It's your secret ingredient for the best catch!

Our Tassie Salmon Fish Oil Mix is PVA Friendly. This means that whether you are adding the mix to a solid bag or PVA mesh you don't have to worry about the oil breaking down. As your bag or mesh disintegrate it will release the oil, which will float upwards through the water before forming a flat spot on the surface of the water. This will attract fish down towards your bait.

Our oil products also hold both the Aquaculture Stewardship Council (ASC) and the Best Aquaculture Practice (BAP) certifications.
